to HR [REDACTED] Annex E

STATINTL

1. The Office of Data Processing requests approval to provide the Federal Bureau of Investigation (FBI) with the assistance requested in the attached memorandum and outlined below.

STATINTL

a. Description of Activity: Technical advice regarding the improvement of the FBI's foreign counter-intelligence information systems. This activity will be coordinated by [REDACTED] of the IC Staff and involve DDO's CI Staff and Information Services Staff. Mr. Robert Finzel is the point of contact for the FBI.

b. Location of Assistance: CIA Headquarters Building, Langley, Virginia.

c. Organization Involved: Office of Data Processing.

d. Basis for Activity: The "Brook's Bill", P.L. 89-306, encourages executive agencies to share and exchange information related to data processing technology. Since computer technology is being applied in this case to foreign counterintelligence information systems, an area of mutual interest for the CIA and the FBI, the requested assistance appears to be an appropriate mission-related activity for CIA.

e. Financial Costs: None, other than personnel time spent in providing technical information.

f. Manpower: One to five ODP employees are expected to spend no more than ten manhours providing technical information.

STATINTL g. Agency Employee to Consult for Additional Information: [REDACTED] ext. 4011.

2. ODP believes the Agency has authority to provide the requested assistance and that such assistance is uncontroversial and in the best interest of the Federal Government. We, therefore, recommend that the procedure described in Reference b. be used to expedite approval.

MEMORANDUM FOR: Mr. E. H. Knoche  
Deputy Director of Central Intelligence

FROM : Mr. John N. McMahon  
Associate Deputy to the DCI for the  
Intelligence Community

SUBJECT : Discussions on Counterintelligence  
Information Systems Between the Federal  
Bureau of Investigation and the Central  
Intelligence Agency

The Committee on Foreign Intelligence (CFI) has just completed its review of the FY 1978 foreign counterintelligence program and budget of the Federal Bureau of Investigation. The Intelligence Community Staff, in support of the CFI's resource allocation responsibilities and in preparation for the development and review of the FY 1979 program, is seeking to facilitate the FBI's efforts to improve its foreign counterintelligence information systems. It has therefore encouraged representatives of the FBI to meet soon with representatives of CIA's Counterintelligence Staff, Information Services Staff, and Office of Data Processing to elicit pertinent ideas and information. CIA cooperation in this regard can facilitate the FBI's achieving an increased foreign counterintelligence information control and retrieval capability. No direct assistance by CIA in terms of lending the FBI personnel or allowing them to use CIA facilities is involved.
